INDEPENDENT AUDITORS' REPORT

To the Board of Commissioners of
GRAND ISLE INDEPENDENT LEVEE DISTRICT
State of Louisiana
Grand Isle, Louisiana

Report on the Audit of the Financial Statements

Opinion

I have audited the accompanying financial statements of the governmental activities and the general fund of the GRAND ISLE INDEPENDENT LEVEE DISTRICT (the "District"), a component unit of the State of Louisiana, as of and for the year ended JUNE 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position, of the governmental activities and the general fund of the District as of JUNE 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. My responsibilities under those standards are further described in the Auditors Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the District, and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material

INDEPENDENT AUDITORS' REPORT (CONTINUED)

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the information listed below be presented to supplement the basic financial statements.

- Management's Discussion and Analysis
- Budgetary Comparison Schedule

Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Supplementary Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Schedule of Per Diem Paid Bard Members and the Schedule of Compensation, Benefits and Other Payments to the District Head are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued a report dated August 26, 2022, on my consideration of the District's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

GRAND ISLE INDEPENDENT LEVEE DISTRICT
STATE OF LOUISIANA
MANAGEMENT'S DISCUSSION AND ANALYSIS
AS OF JUNE 30, 2022

Management's Discussion and Analysis of the GRAND ISLE INDEPENDENT LEVEE DISTRICT (District's) financial performance presents a narrative overview and analysis of the District's financial activities for the year ended June 30, 2022. This document focuses on the current year's activities, resulting changes, and currently known facts in comparison with the prior year's information. Please read this document in conjunction with the additional information contained in the transmittal letter and the District's financial statements.

FINANCIAL HIGHLIGHTS

- The District's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at the close of fiscal year 2022 by \$16,719,671 which represents a 4.3% decrease from last fiscal year.
- The District's general revenue's and capital contributions totaled \$148,259 and \$10,904 respectively for the year ended June 30, 2022. The general revenues decreased from last year was \$110,068. The general revenues are comprised primarily of ad valorem taxes and interest income.
- The District's expenses totaled \$920,818 for the year ended June 30,2022. These expenditures are comprised primarily of repairs and maintenance, operating services, and personnel expenses. Expenses decreased \$377,424 from last fiscal year.

OVERVIEW OF THE FINANCIAL STATEMENTS

The following illustrates the minimum requirements established by Governmental Accounting Standards Board Statement 34, *Basic Financial Statements-and Management's Discussion and Analysis- for State and Local Governments*.

These financial statements consist of three sections - Management' s Discussion and Analysis (this section), the Basic Financial Statements (including the notes to the financial statements) and Required Supplementary Information. The basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (2) notes to the financial statements. This report also contains additional information to supplement the basic financial statements, such as required supplemental information.

GRAND ISLE INDEPENDENT LEVEE DISTRICT
STATE OF LOUISIANA
MANAGEMENT'S DISCUSSION AND ANALYSIS
AS OF JUNE 30, 2022

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to private-sector business. The government-wide financial statements include two statements:

The *Statement of Net Position* presents information on all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. The difference between assets plus deferred outflows of resources and liabilities and deferred inflows of resources is net position and may serve as a useful indicator of whether the District's financial position is improving or deteriorating.

The *Statement of Activities* presents information showing how the District's net position changed during the most recent fiscal year. Regardless of when cash is affected, all changes in net position are reported when the underlying transactions occur. As a result, transactions are included that will not affect cash until future periods.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the District's General Fund.

The District uses only one fund type, the governmental fund. The governmental fund is used to account for essentially the same functions reported as governmental activities in the governmental-wide financial statements. However, unlike government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the view of government funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balance provide a reconciliation to facilitate this comparison between the governmental fund and governmental activities

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information and Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplemental information concerning the per diem and salary paid to board of commissioners, the schedule of compensation, benefits, and other payments, in accordance with Louisiana Revised Statute 38:308.

GRAND ISLE INDEPENDENT LEVEE DISTRICT
STATE OF LOUISIANA
MANAGEMENT'S DISCUSSION AND ANALYSIS
AS OF JUNE 30, 2022

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information*. The District adopts annual budgets for the general fund. Budgetary comparison statements are provided for the general fund to demonstrate budgetary compliance.

FINANCIAL ANALYSIS OF GOVERNMENT-WIDE ACTIVITIES

The following presents condensed financial information on the operations of the District.

Condensed Comparative Statement of Net Position
As of June 30, 2022
(in thousands)

AS OF JUNE 30, 2022

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

As of June 30, 2022, the District had \$16,338,853 (net of depreciation) invested in a broad range of capital assets including buildings, equipment, and infrastructure. During the current year, the District recorded \$98,420 of capital acquisitions, traded in \$64,381 from heavy equipment, and recorded \$563,646 of depreciation. This amount represents a net decrease (including additions and disposals, net of depreciation) of \$492,817 or 2.9% over the previous fiscal year. The primary reason for the decrease was depreciation expense. More detailed information about the Districts' capital assets are presented in the notes to the financial statements.

Capital Assets, net of depreciation
(in thousands)

	TOTAL		Dollar Change
	2022	2021	
Land	-	-	-
Buildings and improvement	-	-	-
Furniture and fixtures	-	-	-
Equipment	184	169	15
Infrastructure	16,155	16,663	(508)
Construction in progress	-	-	-
Total capital assets	\$ 16,339	\$ 16,832	\$ (493)

LONG-TERM LIABILITIES

Keeping with the District's longstanding policy of funding operations currently, the District had no long-term debt at year-end. State statutes limit the amount of general obligation debt a governmental unit may issue to ten percent of its total assessed valuation. The District has no outstanding debt subject to limitation.

GRAND ISLE INDEPENDENT LEVEE DISTRICT
STATE OF LOUISIANA
MANAGEMENT’S DISCUSSION AND ANALYSIS
AS OF JUNE 30, 2022

GENERAL FUND BUDGETARY

The District made one amendment to its original budget during the fiscal year ended June 30, 2022. The General Fund’s actual (GAAP Basis) revenues and expenditures varied from the final budget as follows:

- Revenues of the General Fund were budgeted at \$425,594 and actual was \$195,627, a decrease of 5.4% over budgeted.
- Expenditures of the General Fund were budgeted at \$425,594 and actual was \$957,282, an increase of \$531,688 over budgeted.

Condensed Budget (GAAP) Basis Versus Actual
(in thousands)

	Budget Final	Actual Amounts	\$ Variance Increase (Decrease)
Total Revenues	\$ 426	\$ 196	\$ (230)
Total expenditures	(426)	(957)	(532)
EXCESS (DEFICIENCY) OF REVENUES OVER (UNDER) EXPENDITURES	\$ -	\$ (762)	\$ (762)

ECONOMIC FACTORS AND NEXT YEAR’S BUDGETS AND RATES

The District’s elected and appointed officials considered the following factors and indicators when setting next year’s budget, rates, and fees:

- Ad valorem taxes
- Interest income
- Projects under construction

One of the most important factors affecting the budget is Ad valorem taxes. The District millage rate levied for the 2021 (next year’s) tax roll has remained steady at 5.09 mills. One other factor affecting the budget is projects under construction. At this time, there are no significant projects

CONTACTING THE DISTRICT’S MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District’s finances and to show the District’s accountability for the money it receives. If you have questions about this report or need additional financial information, contact David Camardelle, President, Post Office Box 757, Grand Isle, Louisiana 70358.

RECONCILIATION OF THE STATEMENT OF GOVERNMENT FUNDS REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2022

Net Change in Fund Balances - Governmental Fund (Statement C) \$ (259,966)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense. The following is the amount by which payments for depreciation and amortization exceeds capital outlay.

Capital outlay	98,421	
Depreciation and amortization	<u>(563,646)</u>	(465,225)

The net effect of various transactions involving capital assets, such as sales proceeds, trade-ins and dispositions, decrease net position. (27,592)

Revenues that are considered available to provide current financial resources to governmental funds; however, in the statement of activities, revenues that are not considered available are reported. This is the difference between prior year and current year revenues that were not considered available

Net deferred inflows related to ad valorem taxes	<u>(8,872)</u>

GRAND ISLE INDEPENDENT LEVEE DISTRICT
STATE OF LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

INTRODUCTION

The GRAND ISLE INDEPENDENT LEVEE DISTRICT (the District), a component unit of the State of Louisiana, was created by the Louisiana State Legislature under the provisions of Louisiana Revised Statute 38:291(S). The District is domiciled in Grand Isle, Louisiana and was created for the primary purpose of providing flood protection to Grand Isle and surrounding areas. The District is governed by a board of three commissioners who are appointed by the governor of the State of Louisiana. The Board of Commissioners administers the operations and responsibilities of the District in accordance with the provisions of the Louisiana statute.

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The GRAND ISLE INDEPENDENT LEVEE DISTRICT'S financial statements are prepared in conformity with governmental accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34, *Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments*, issued in June 1999. The more significant accounting policies established in GAAP and used by the GRAND ISLE INDEPENDENT LEVEE DISTRICT are discussed below.

A. Reporting Entity

GASB Codification Section 2100 has defined the governmental reporting entity to be the State of Louisiana. The Levee District is considered a component unit of the State of Louisiana because the state exercises oversight responsibility in that the governor appoints the board members and can impose his will on the district. The accompanying general-purpose financial statements contain information only as to the transactions of the GRAND ISLE INDEPENDENT LEVEE DISTRICT. Annually, the State of Louisiana issues general purpose financial statements, which include the activity contained in the accompanying financial statements.

B. Government-Wide and Fund Financial Statements

The District's basic financial statements include both government-wide (reporting the funds maintained by the District as a whole) and fund financial statements (reporting the District's major funds).

GRAND ISLE INDEPENDENT LEVEE DISTRICT
STATE OF LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The *Governmental Fund Balance Sheet/Statement of Net Position* is presented on a consolidated basis; however, the governmental funds include only current financial resources available to pay for current-period expenditures and liabilities payable in the current period. Noncurrent resources and liabilities (e.g., capital assets) are not reported in the governmental funds.

The *Statement of Governmental Fund Revenues, Expenditures, and Changes in Fund Balance/Statement of Activities* is presented on a consolidated basis. Expenses on long- term obligations do not require the use of current financial resources and are not reported as expenditures in the governmental funds. In addition, the cost of capital outlays is allocated over their estimated useful lives as depreciation expense. The amount of capital outlays not meeting the capitalization threshold is reported as an expense (i.e., repairs and maintenance).

Policies specific to the government-wide statements are as follows:

C. Basic Financial Statements- Fund Financial Statements

The financial transactions of the District are recorded in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the District:

- I. *Governmental Funds* - the focus of the governmental funds' measurement (in the fund statements) upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:
 - a. General funds are the general operating funds of the District. They are used to account for all financial resources except those required to be accounted for by another fund.

GRAND ISLE INDEPENDENT LEVEE DISTRICT
STATE OF LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Basis of Accounting

Basis of accounting refers to when revenues and expenses are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

1. *Accrual*- The governmental activities in the government-wide financial statements (i.e., the statement of net position and the statement of activities) are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

2. *Modified Accrual* - The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due. The District considers property taxes as available if they are collected within 60 days after year end.

E. Budgetary Accounting

Formal budgetary accounting is employed as a management control. Not less than ninety days before the end of the fiscal year, the Board adopts the annual budget. Amendments to the budget are made by the Board from time to time as necessary. The budget is prepared on a modified accrual basis of accounting, where certain transactions are recorded on a basis other than GAAP. The basic differences arise through the accounting for budgetary purposes which differs from the basis of accounting applicable to the fund type when reporting on the operations in accordance with GAAP. All annual appropriations which are not expended lapse at year end.

The budget amounts represent the original budget and any amendments through June 30. The budgeted amounts are included, respectively, as the original and final budgets in the accompanying statements.

GRAND ISLE INDEPENDENT LEVEE DISTRICT
STATE OF LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Cash and Cash Equivalents

Cash includes amounts in interest-bearing demand deposits. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the District may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under the laws of the State of Louisiana, the laws of any other state in the Union, or the laws of the United States. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or similar federal security or the pledge of securities owed by the fiscal agent bank. The fair market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent.

G. Receivables

All receivables are reported at their gross value and, where applicable, are reduced by the estimated portion that is expected to be uncollectible.

H. Bad Debts

Uncollectible accounts receivables are recognized as bad debts through the establishment of an allowance account at the time information becomes available which would indicate the un-collectability of the particular receivable. At June 30, 2022, there were no amounts considered to be uncollectible.

I. Capital Assets

Capital assets, which include property, equipment, and infrastructure (e.g., levees, rock breakwaters, etc.), are carried at historical costs. Donated capital assets are recorded at fair market value at the date of donation. Depreciation of all exhaustible fixed assets are charged as an expense against operations in the Statements of Activities. Capital assets net of accumulated depreciation are reported on the statement of Net Position. The District's policy is to capitalize items with a unit cost of \$100 and an estimated useful life of two years

Depreciation is computed using the straight-line method over the useful lives of the assets, generally 10 to 45 years for buildings and infrastructure and 3 to 7 years for movable property.

The cost of normal maintenance and repairs that do not add to the value to the asset or materially extend the asset life is not capitalized. Major outlays for capital assets and improvements are capitalized as projects constructed and are included in construction in progress. The levees and breakwaters are divided into reaches and are capitalized as such. Any major "lifts" or improvements to an existing levee/reach is capitalized as an addition to that levee/reach.

GRAND ISLE INDEPENDENT LEVEE DISTRICT
STATE OF LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

In accordance with Office of Statewide Reporting and Accounting Policy (OSRAP) guidelines, infrastructure assets are to be capitalized and depreciated over a useful life of 40 years. OSRAP has set a threshold for infrastructure assets are to be capitalized at \$3,000,000 spent per entity per year.

J. Compensated Absences

The District does not employ full-time employees and therefore has no personnel policies regarding compensated absences.

K. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

L. Fund Balance - Governmental Funds

Fund Financial Statements: The governmental fund equity is classified as fund balance. The fund balances are classified as follows:

- *Nonspendable* – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.
- *Restricted* – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraint that are externally imposed by ordinances or resolutions approved by the Board of the district.
- *Committed* – amounts that can be used only for specific purposes determined by a formal action of the Board. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board of the District.
- *Assigned* – Includes amounts that are constrained by the District's intent to be used for specific purposes but are neither restricted nor committed.
- *Unassigned* – all other spendable amounts.

The Board of Commissioners, as the highest level of decision-making authority, can establish, modify or rescind a fund balance commitment by formal vote at a public board meeting. For classification of governmental fund balances, the District considers an expenditure to be made from the most restrictive first when more than one classification is available. The District's fund balance was classified as unassigned as of June 30, 2022.

GRAND ISLE INDEPENDENT LEVEE DISTRICT
STATE OF LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

M. Net Position

Government-wide Statement: Equity is classified as net position and comprises the various net earnings from revenues and expenses. Net position is classified in the following components:

(a) *Investment in capital assets* consists of the District's total investment in capital assets, net of accumulated depreciation, and reduced by outstanding debt obligations related to acquisition, construction, or improvements of those capital assets.

(b) *Restricted net position* consists of net position items with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; (2) law through constitutional provisions or legislation.

(c) *Unrestricted net position* consists of net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of investment in capital assets. Unrestricted net position is used for transactions relating to the general operations of the District and may be used at its discretion to meet current expenses and for any purpose.

When an expenditure is incurred for purposes for which both restricted and unrestricted net position is available, the District applies restricted net position first.

N. Recent Accounting Pronouncements

In June 2017, GASB issued Statement No. 87, *Leases*. The purpose of this statement was to increase the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021. Earlier application is encouraged. Management has determined GASB 87 has no impact on the District's financials.

GRAND ISLE INDEPENDENT LEVEE DISTRICT
STATE OF LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Ad Valorem Tax Revenues

Ad Valorem Tax Article 6, § 39 of the 1974 Louisiana Constitution provides that for the purposes of constructing and maintaining levees, levee drainage, flood protection, hurricane flood protection, and for all other purposes incidental thereto, the District may levy annually, a tax not to exceed five mills. If the District needs to raise additional funds in excess of the amount collected constitutionally, the taxes in excess of five mills must be approved by a majority vote of the electors. The District levies an ad valorem (property) tax on real property within the District to finance operations. The levy is generally made as of November 15 of each year. The tax is then due, and becomes an enforceable lien on the property, on the first day of the month following the filing of the tax roll by the Parish assessor with the Louisiana Tax Commission (usually December 1). The tax is delinquent 30 days after its due date. Taxes are billed and collected by the Jefferson Parish Sheriff's Office (a separate entity) which receives a certain millage for its services. The taxes remitted by the Sheriff to the District are net of assessor's commission and pension fund contributions. The number of mills levied for operations on the 2021 and 2022 tax rolls were 5.09. For the fiscal year ended June 30, 2022, the District recognized \$137,296 in ad valorem tax revenues.

P. Other Revenues

State revenue sharing and self-generated fees are recorded when the district is entitled to the funds from the various parishes.

Program Revenues: The Statement of Activities presents three categories of program revenues – (1) charges for services, (2) operating grants and contributions, and (3) capital grants and contributions. Charges for services – are revenues from exchanges or exchange like transactions with external parties that purchase, use or directly benefit from the program's goods, services, or privileges. These revenues include fees charged for specific services, and operating special assessments, and include payments from exchange transactions with other governments. Grants and contributions – whether operating or capital in nature, are revenues arising from receipts that are reserved for a specific use.

GRAND ISLE INDEPENDENT LEVEE DISTRICT
STATE OF LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Q. Deferred Outflows/Inflows of Resources

The statement of net position reports in a separate section deferred inflows and outflows of resources. Deferred outflow of resources is a consumption of net assets by the government that is applicable to a future reporting period while deferred inflows of resources is an acquisition of net assets by the government that is applicable to future reporting period. As of June 30, 2022, the District has reported \$8,872 related to unavailable ad valorem tax revenues.

R. Other Financing Sources (Uses)

Proceeds from the sale of fixed assets and debt acquired for the construction and purchase of fixed assets are accounted for as other financing sources and are recognized when received. As of June 30, 2022, the District traded in equipment and received \$35,000 in Other Financing Sources (Uses).

S. Eliminating Internal Activity

Interfund receivables and payables are eliminated in the Statement of Net Position except for the net residual amounts due between government and business-type activities. There are no internal activities.

NOTE 2- CASH AND CASH EQUIVALENTS

At June 30, 2022, the District had cash and cash equivalents (book balances) totaling \$66,515 in demand deposits. These deposits are stated at cost, which approximates market.

Custodial credit risk is the risk that in the event of a bank failure the District's deposits may not be recovered. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the District or the pledging bank by a holding or custodial bank that is mutually acceptable to both parties. The District has not established a custodial credit risk policy. The District's funds are held in South Lafourche Bank.

At June 30, 2022, the District had \$64,949 in deposits (collective bank balances), which are secured from risk by federal deposit insurance plus pledged securities in the amount of \$535,910.

GRAND ISLE INDEPENDENT LEVEE DISTRICT
STATE OF LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

NOTE 3: INVESTMENTS

At June 30, 2022 the District held investments totaling \$311,110 as follows:

	Reported Amount	Market Value
Louisiana Asset Management Pool	\$ 261,110	\$ 261,110
South Lafourche Bank CD's	<u>50,000</u>	<u>50,000</u>
	<u>\$ 311,110</u>	<u>\$ 311,110</u>

At June 30, 2022 the District's deposit in South Lafourche Bank are secured from risk by federal deposit insurance plus pledged securities reported in note two. The District maintains investment accounts as authorized by LSA-RS 33:2955. Although the District has no written formal policy for custodial credit risk, they do require compliance with state law.

Custodial credit risk for investments is the risk that, if the securities underlying the investment are uninsured, not registered in the name of the entity, and are either held by the counterpart or the counter-party's trust department or agent but not in the entity's name.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits the District investments in commercial paper and corporate bonds to the top two ratings issued by nationally recognized statistical rating organizations. It is the District's policy to limit its investments to these ratings. State statutes also allows the District to invest in the LAMP.

Concentration of credit risk is the risk of loss attributed to the magnitude of an entity's investment in a single issuer. The District does not limit how much can be invested in a particular issuer as long as the limits set forth in the State Statutes are met. At June 30, 2022, eighty four percent (84%) of the District's investments of \$261,110 was invested with the LAMP.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. State law as applicable to political subdivisions does not address interest rate risk. In accordance with the District's investment policy, exposure to declines in fair values is managed by limiting the maturity of its investment to less than 1 year. By investing in LAMP, the District is even less exposed to long-term interest rate risk.

Louisiana Asset Management Pool (LAMP)

Investments held at June 30, 2022, including \$261,110 in the Louisiana Asset Management Pool (LAMP), a local government investment pool. LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high-quality investments.

GRAND ISLE INDEPENDENT LEVEE DISTRICT
STATE OF LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

NOTE 3: INVESTMENTS (continued)

The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LSA-R.S. 33:2955. LAMP investment guidelines and historical information are available on its website www.lamppool.com or can be obtained by phoning (504) 525-LAMP.

GASB Statement No 40, Deposit and Investment Risk Disclosure, requires disclosure of credit risk, custodial credit risk, concentration of credit risk, interest rate risk, and foreign currency risk for all public entity investments.

LAMP is a 2a7-like investment pool. The following facts are relevant for 2a7-like investment pools: (1) credit risk: LAMP is rated AAAM by Standard & Poor's; (2) custodial credit risk: LAMP participants' investments in the pool are evidenced by shares of the pool. Investments in pools should be disclosed, but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The public entity's investment is with the pool, not the securities that make up the pool; therefore, no disclosure is required; (3) concentration of credit risk: Pooled investments are excluded from the 5 percent disclosure requirement; (4) interest rate risk: GASB No 40 excludes 2a7-like investments pools from this disclosure requirement; and (5) foreign currency risk: Not applicable to 2a7-like pools.

The dollar-weighted average portfolio maturity of LAMP assets is restricted to not more than 90 days and consist of no securities with a maturity in excess of 397 days. LAMP is designed to be highly liquid to give its participants immediate access to their account balances. The investments in LAMP are stated at fair value based on quoted market rates. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pools is the same as the value of the pool shares.

LAMP, Inc. is subject to the regulatory oversight of the state treasurer and the board of directors. LAMP is not registered with the SEC as an investment company.

NOTE 4- FAIR VALUE MEASUREMENTS

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. **Level 1** inputs are unadjusted quoted prices in active markets for identical assets that the District has the ability to access. **Level 2** inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data. **Level 3** inputs are unobservable and are based on assumptions that market participants would utilize in pricing the asset.

GRAND ISLE INDEPENDENT LEVEE DISTRICT
STATE OF LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

The District uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. When available, valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

For negotiable certificates of deposit, management categorizes these investments as Level 2 based on quoted prices for similar instruments with consideration of actively quoted interest rates, credit ratings and spreads, prepayment models and collateral data.

NOTE 5 - ACCOUNTS RECEIVABLE

The following is a summary of accounts receivable at June 30, 2022:

<u>Class of Receivable</u>	
Due from other governments	\$ 3,193

NOTE 6 - ACCOUNTS PAYABLE AND ACCRUALS

The following is a summary of accounts payable and accruals at June 30, 2022:

<u>Class of Payables and Accruals</u>	
Payroll accruals	<u>\$ 291</u>
Total accounts payable and accruals	<u>\$ 291</u>

NOTE 7 - FUND BALANCES

In accordance with GASB Codification Section 1800.142-162, fund balances of the governmental fund types are categorized into one of five categories – Non-spendable, Restricted, Committed, Assigned, or Unassigned, as note below.

Fund Balance – Unassigned

This amount represents funds that have not been assigned to other funds and have not been restricted, committed, or assigned to a specific purpose within the General Fund. This is the residual classification for the General Fund. As of June 30, 2022, the Districts fund balances are Unassigned.

GRAND ISLE INDEPENDENT LEVEE DISTRICT
STATE OF LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

NOTE 8 – CAPITAL ASSETS

A summary of the District’s capital assets at June 30, 2022 follows:

	Balance June 30, 2021	Additions	Retirements	Balance June 30, 2022
Non-depreciable Assets				
Land	\$ -	\$ -	\$ -	\$ -
Construction in progress	-	-	-	-
Total Non-depreciable	-	-	-	-
Depreciable Assets				
Buildings	2,185	-	-	2,185
Equipment	422,292	98,421	64,381	456,332

Buildings	2,185	-	-	2,185
Equipment	253,320	55,450	36,789	271,981
Infrastructure	3,665,092	508,196	-	4,173,288
Total Accumulated Depreciation	3,920,597	563,646	36,789	4,447,454
Total Capital Assets, net	\$ 16,831,670	\$ (465,225)	\$ 27,592	\$ 16,338,853

Depreciation expense for the year ended June 30, 2022 was \$563,646

NOTE 9- RISK MANAGEMENT

The District is exposed to various risks of loss resulting from personal injury; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. To protect against these risks of loss, the District maintains commercial insurance coverage covering each of those risk of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the District. There was no pending litigation against the District as of June 30, 2022.

NOTE 10 - SUBSEQUENT EVENTS

Management evaluates events occurring subsequent to the date of financial statements in determining the accounting for and disclosure of transactions and events that effect the financial statements. Subsequent events have been evaluated through August 26, 2022, the date the financial statements were available to be issued. There were no items to be reported as subsequent events.

- (1) The President receives a salary of \$1,000 per month in lieu of per diem.
(2) A cell phone is provided and the amount shown is net of a \$150 reimbursement for personal usage of the phone (twelve months at \$12.50 per month).

OTHER REPORTS OF CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners
GRAND ISLE INDEPENDENT LEVEE DISTRICT
Grand Isle, Louisiana

I have audited, in accordance with the auditing standards generally accepted in the United States of American and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the GRAND ISLE INDEPENDENT LEVEE DISTRICT (the District), a component unit of the State of Louisiana, as of and for the year ended June 30, 2022 and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued my report thereon dated August 26, 2022.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control, Accordingly, I do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. I did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings and Responses, that I consider to be significant deficiencies in internal control (See 01-2022(IC), 02-2022(IC), 03-2022(IC)).

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests did not disclose any instances of noncompliance or other matters that are required to be reported under the *Governmental Auditing Standards*.

The District's Responses to Finding(s)

Government Auditing Standards requires the auditor to perform limited procedures on the District's response to the findings identified in my audit and described in the accompany Schedule of Findings and Responses. The District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, I express no opinion on the response

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

GRAND ISLE INDEPENDENT LEVEE DISTRICT
STATE OF LOUISIANA
SUMMARY OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED JUNE 30, 2022

Significant Deficiencies: Internal Controls

01-2022 (ic) Inadequate segregation of accounting functions

CRITERIA: A strong internal control system requires the segregation of responsibilities between different individuals for separate major areas of the accounting system.

CONDITION: The size of the District's operations is too small to provide for adequate segregation of duties. Although the District has various controls in place which tend to mitigate this problem, all the major accounting areas are the responsibility of the District's bookkeeper.

CAUSE: The failure to design and implement policies and procedures necessary to achieve adequate internal control led to this condition.

EFFECT: The likelihood that a material misstatement will not be prevented or detected and corrected on a timely basis is increased. The perpetuation of fraudulent activity is easier to achieve under this condition.

RECOMMENDATIONS: An on-going analysis of the benefits that would be obtained by adequately segregating functions within the accounting system and the costs to employ additional individuals to achieve adequate segregation should be performed.

VIEWS OF RESPONSIBLE OFFICIALS AND PLANNED CORRECTIVE ACTIONS: Management is aware of the condition. At this time, the District is not in a financial position to implement any changes to personnel. The Board is aware of the condition and will continue to monitor the financial activities of the District in a timely manner.

02-2022 (ic) Preparation of financial statements by auditor

CRITERIA: A strong internal control over reporting requires effective oversight in the preparation of financial statements.

CONDITION: The District does not have adequate controls in place to have proper oversight of its financial reporting and for the preparation of financial statements in accordance with generally accepted accounting principles. The size of the District's operations is too small and have chosen to engage the auditor to prepare its annual financial statements.

CAUSE: The failure to design and implement policies and procedures necessary to achieve proper oversight of the financial reporting led to this condition.

EFFECT: The likelihood that a material misstatement will not be prevented or detected and corrected on a timely basis is increased. The perpetration of fraudulent activity is easier to achieve under this condition.

RECOMMENDATIONS: Whether or not it would be cost effective to cure a control deficiency is not a factor in applying reporting requirements. An on-going analysis of the benefits that would be obtained by adequately overseeing the reporting function and the costs to train staff should be performed.

VIEWS OF RESPONSIBLE OFFICIALS AND PLANNED CORRECTIVE ACTIONS: Management is aware of the condition. The District's staff is familiar with the day to day accounting requirements; however, due to limited staffing and funding, they do not consider it practical to provide sufficient training to eliminate this condition and will continue to rely on the auditor to prepare the financial statements at this time.

GRAND ISLE INDEPENDENT LEVEE DISTRICT
STATE OF LOUISIANA
SUMMARY OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED JUNE 30, 2022

Significant Deficiencies: Internal Controls (continued)

03-2022 (ic) Maintaining proper fixed asset records

CRITERIA: The District is responsible for maintaining a general fixed asset record and is required to maintain those records that were purchased or otherwise acquired, and for which such entity is accountable.

CONDITION: The District does not have adequate controls in place to maintain a formal fixed asset ledger. The District has chosen to rely on a schedule originally generated by the external auditor and adjusted each year during the audit. By not maintaining a general ledger on fixed assets, the District must wait until year end to calculate and post depreciation on fixed assets.

CAUSE: The District's software system (Quicken) does not record and depreciate fixed assets.

EFFECT: Failure to identify and periodically account for District's assets/property exposes the District to possible loss, theft, and misuse of its assets. Any missing assets should be addressed and appropriately resolved, including notifying the district attorney and Legislative Auditor. The likelihood that a material misstatement will not be prevented or detected and corrected on a timely basis is increased. The perpetration of fraudulent activity is easier to achieve under this condition.

RECOMMENDATIONS: The District should utilize the year end fixed asset spreadsheet and begin entering the records relating to purchases or disposals. Prior to the end of each fiscal year, the asset listing should be used to perform a physical inventory noting any obsolete or missing assets.

VIEWS OF RESPONSIBLE OFFICIALS AND PLANNED CORRECTIVE ACTIONS: Management is aware of the condition. The District records activity on a "cash-basis" and is satisfied with relying on the year-end audit adjustments to reflect capitalization and depreciation activity. The District reviews the spreadsheet maintained for the audit and takes responsibility for its contents.

PRIOR YEAR: June 30, 2021

Other Postemployment Benefits (OPEB)

If your agency has active or retired employees who are members of the Office of Group Benefits (OGB) Health Plan, please provide the following information: (Note: OGB has a 6/30/2021 measurement date for their OPEB valuation)

Benefit payments made subsequent to the measurement date of the **OGB** Actuarial Valuation Report until the employer's fiscal year end. (Benefit payments are defined as the employer payments for retirees' health and life insurance premiums). For agencies with a 6/30 year end this covers the current fiscal year being reported. For calendar year end agencies, it covers the period 7/1 to 12/31 for the current year being reported. 0.00

Covered Employee Payroll for the **PRIOR** fiscal year (not including related benefits) 0.00

For calendar year-end agencies only: Benefit payments or employer payments for retirees' health and life insurance premiums made for the next year's valuation reporting period (7/1/2021 - 6/30/2022). This information will be provided to the actuary for the valuation report early next year. 0.00

For agencies that have employees that participate in the **LSU Health Plan**, provide the following information: (Note: The LSU Health Plan has a measurement date of 6/30/2022 for their OPEB valuation report.)

Covered Employee Payroll for the **CURRENT** fiscal year (not including related benefits) 0.00
